About us

Producing and exporting since 2017

Read on the website →

Ardi Argan produces 100% pure, certified organic, cold-pressed virgin argan oil in its own processing facility in Ait Melloul, in the Agadir region of Morocco.

We have been producing and exporting argan oil since 2017.

We ship worldwide with DHL, FedEx and air or sea freight agents, door to door with customs support, and every shipment comes with a Certificate of Analysis, an MSDS and the organic certificates.

Every batch is pressed, tested and packed in our facility, so you buy direct from the producer with full quality control and no middlemen.

Beyond bulk oil, we make finished cosmetics under your brand, with support on bottle, label and box design.

DIRECT FROM THE PRODUCER

From the argan tree to your drum

Argan trees grow only in south-west Morocco, around the Souss and Agadir region. Our own facility in Ait Melloul, in the heart of this region, presses, filters, tests and packs every batch, so you buy direct from the producer with no middlemen.
